A.2 Class 12th Aggregate Scholarships (UG)

On-Admission Scholarships begin in the 1st year of the programme; from the 2nd year onward, continuation scholarship rules apply (see "Continuation of Admission Scholarships" below).

Aggregate % is calculated on marks in English + three academic subjects (compulsorily including subjects of eligibility), excluding Physical Education/Fine Arts/Performing Arts/Vocational or non-written subjects. Students pay full Semester 1 fees; any excess due to scholarship is adjusted against Semester II. Grant subject to Scholarship Committee approval; limited seats, first-come-first-served. No two scholarships can be combined.

NIOS / Open School Re-Appearance — NEW FOR 2027

A candidate who has appeared for Class 12 more than once — holding a certificate from a recognised board AND a second certificate obtained by re-appearing through NIOS (National Institute of Open Schooling) or a State Open School — is NOT eligible for the Class 12th Aggregate scholarships in this section (Gurugram or Greater Noida table below). A same-board improvement or compartment re-attempt (e.g. CBSE to CBSE) is not covered by this rule.

This applies regardless of which certificate the candidate submits for admission, and regardless of which certificate carries the higher percentage — the disqualification is based on having re-appeared via NIOS/Open School at all, not on which score is used.

- Declaration: candidates must declare, at the time of application, every Class 12 certificate they hold. A false declaration discovered after a scholarship is granted results in immediate withdrawal of the scholarship and recovery of the waived amount.
- Verification: admissions/counselling staff should check submitted mark sheets for board name and result/re-appear codes consistent with NIOS or a State Open School second attempt, not just take the declared board at face value.
