Testimonials of our students

My journey at IILM has been truly enriching and transformative. I'm grateful for the learning, exposure, and experiences that helped shape my career.

The strong industry exposure and career guidance I received played a key role in preparing me for future opportunities.

I sincerely thank IILM for building a strong foundation for my professional journey.

SHREYA YADAV | BAIN & COMPANY

ASHWANI KUMAR | HCL TECH

When I started my MBA at IILM University, Greater Noida, I aimed to build a strong corporate career. Today, I'm proud to have secured a placement at HCL Tech as a Management Trainee.

My journey included internships, live projects, and the Immersion Program at IIM Sambalpur, which helped me connect classroom learning with real-world experience. These opportunities improved my analytical skills, strategic thinking, and confidence.

The Corporate Readiness Program (CRP) further polished my communication, aptitude, group discussion, and interview skills, making me industry-ready. With constant support from faculty and the Placement Department, I felt guided at every step.

I'm grateful to IILM for shaping my journey and preparing me to step confidently into the professional world.

My journey at IILM was full of challenges, learning, and growth. The training sessions by Board Infinity, along with mock interviews and regular feedback from faculty, helped me prepare with clarity and confidence. This support played an important role in helping me secure my placement at Volvo Eicher Commercial Vehicles (VECV).

The lessons and experiences from this journey are something I will carry with me throughout my life.

MEHUL RAJ | VE COMMERCIAL

ADITI TAPARIA | KPMG

This MBA program from IILM University was a game changer. Got real projects, mentors who know the game, and connections that matter. Didn't just get a degree, built a future

UTKARSH CHATURVEDI | ASIAN PAINTS

I'm grateful to have completed my internship at LG Electronics and excited to share that I've been placed at Asian Paints.

This journey wouldn't have been possible without the constant guidance and support from my university. A special thanks for the mock GDs and PIs – they played a huge role in building my confidence and preparing me for the corporate world.

Truly thankful for every opportunity and learning along the way.

Corporate Readiness Program (CRP)

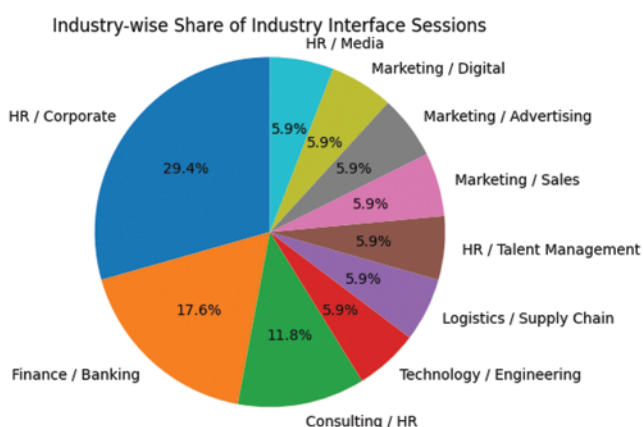

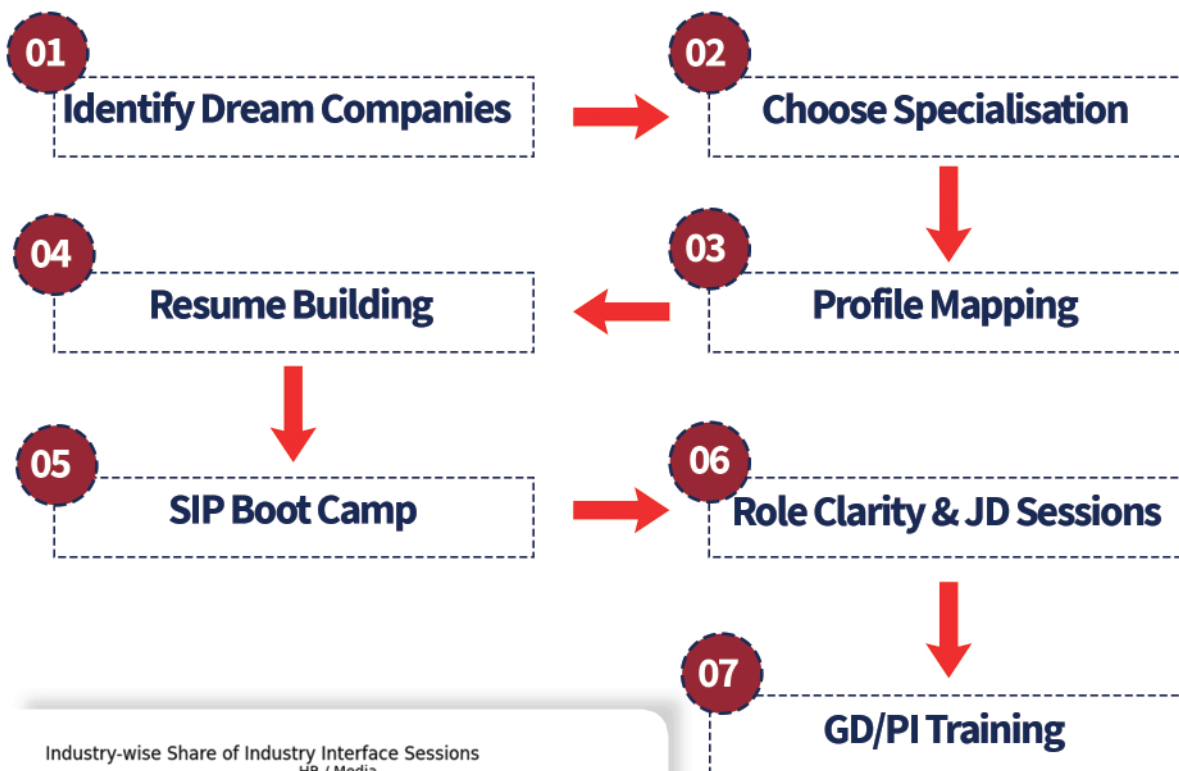

From Classroom to Corporate – A Structured Pathway

At IILM University (School of Management), placement preparation begins from Day One. The Corporate Readiness Program (CRP) is a structured, mentor-driven initiative designed to prepare students systematically for Summer Internships (SIP) and Final Placements. It integrates academic learning, skill development, mentoring, and industry exposure into one cohesive pathway.

Personalised Mentoring & Career Mapping

Each student is assigned a Faculty Mentor aligned to their specialization and guided through the Dream–Reach–Settle (DRS) framework to identify aspirations, set realistic goals, and align preparation with industry expectations. Regular mentoring sessions ensure progress tracking and targeted support for every student.

Corporate Readiness Program (CRP) Journey

Get Mentored by Industry Experts/Alumni

Our Mentoring Program connects students with industry leaders and senior alumni for personalized career guidance across domains and specializations. With structured internship reviews, continuous faculty support, and formal evaluations, students gain meaningful industry exposure that often translates into strong learning outcomes and even Pre-Placement Offers (PPOs).

Leadership Talks & Industry Engagement

As part of this, students participate in interactive sessions with eminent industry leaders, entrepreneurs, and domain experts. These engagements:

- Provide real-world insights into industry expectations
- Enhance strategic thinking and professional maturity
- Build confidence through direct interaction with senior leaders

Through structured mentoring, professional training, and continuous industry exposure, the Corporate Readiness Program ensures that students graduate not only with academic knowledge but with the confidence, clarity, and readiness required to build successful careers.

At IILM, we prepare students not just for jobs — but for careers.
